

Sutton High School Device Information

2026/7

All pupils joining SHS are required to have a personal laptop device for use both in school and at home. To ensure compatibility with school systems and to allow effective technical support by teaching staff, **devices must be a Windows device.**

Approved Device Type

Windows touchscreen laptop meeting the following minimum specification requirements:

- Windows 11
 - Touchscreen display
 - 14" screen preferred
 - Integrated webcam and microphone
 - Battery life suitable for a full school day
-

Where to Purchase

These devices are **commonly** available from:

- Amazon UK
- Currys

Important Information

The following devices are NOT permitted or supported:

- Chromebooks are **not permitted**
- Apple MacBooks are **not permitted**
- Ipads are **not permitted**

We strongly recommend:

- a protective case
- accidental damage cover
- an extended warranty

Why Windows?

The school uses Windows devices for teaching staff and pupils use the Microsoft suite for learning activities. Aligning pupil devices with this platform ensures:

- compatibility with school systems
- a consistent classroom experience
- faster troubleshooting and technical support during lessons
